⚓ MARETA BY PUERTO TELCHAC

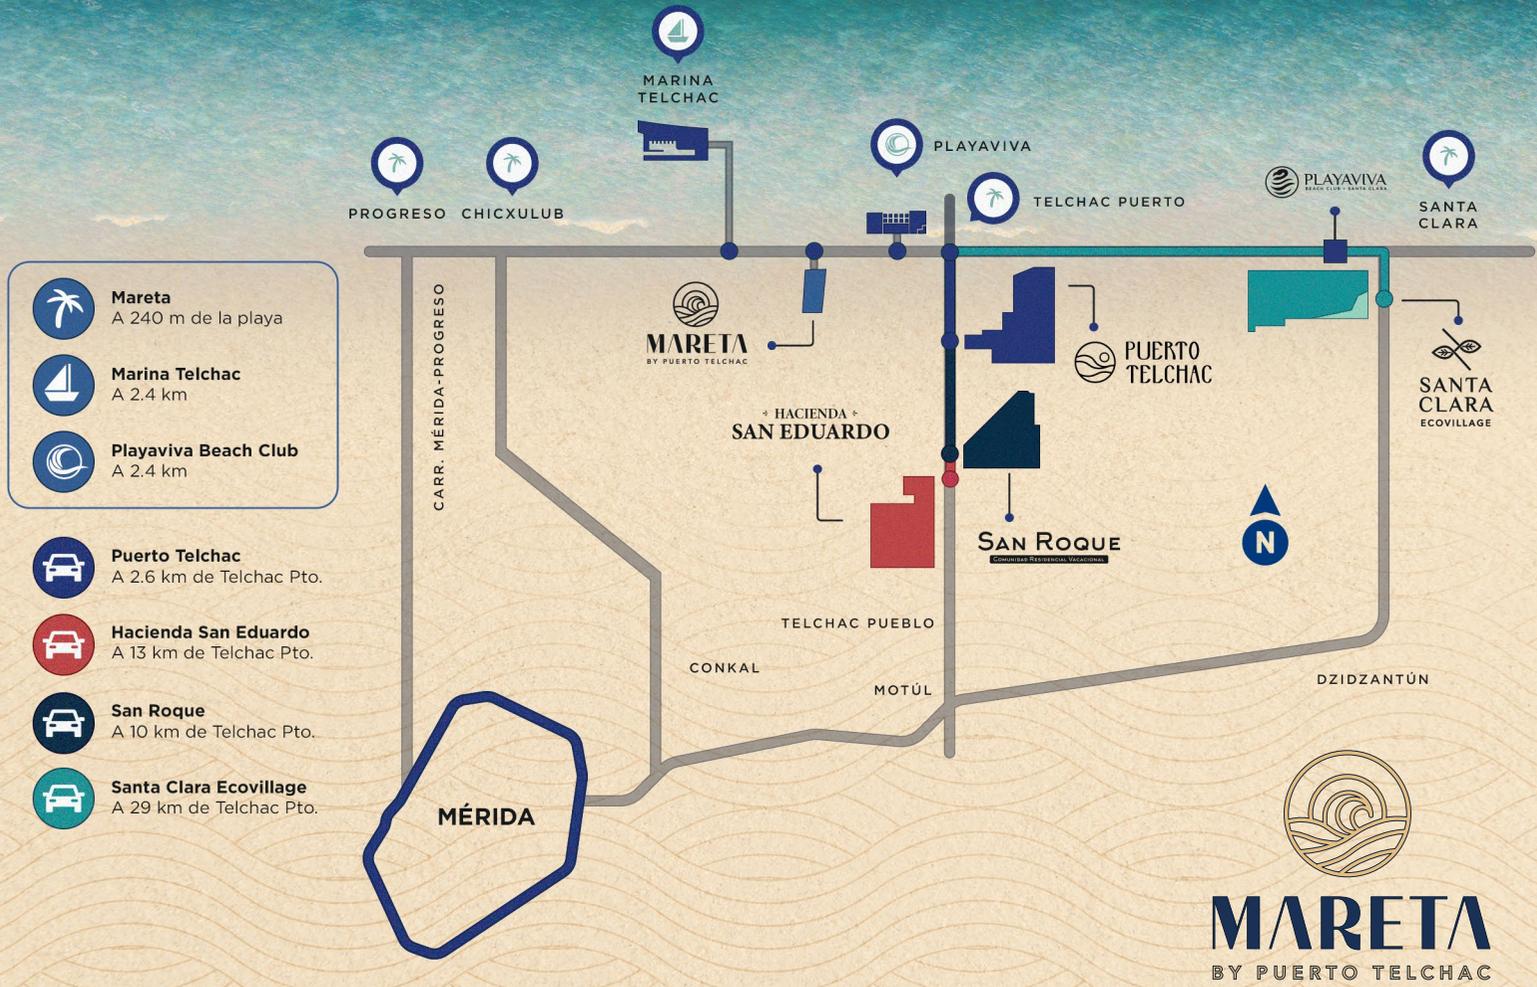

The best-kept secret of **Puerto Telchac**.

This new private community, located less than **300 meters** from the shores of **Telchac Puerto**, is designed for residents to experience a new way of life. In addition to preferred access to the exclusive **Puerto Telchac Marina** –fully equipped for boating services and enabling a wide range of water activities– **Mareta** residents will enjoy **memberships** granting access to exclusive boating clubs and to the **Playaviva** Beach Club, just steps from the Telchac Puerto pier.

This project meets the needs of those who value comforting summers by the sea, as well as those seeking to escape every weekend or live near the ocean, while staying just minutes away from Mérida.

Here, the sea is not just a backdrop – it is the true centerpiece of a life filled with experiences, closeness, and freedom.

SEASIDE SEASONS, A LIVING TRADITION

This project captures the love that residents have for their coast, and **Mareta by Puerto Telchac** is designed to honor that heritage.

Living seasons by the sea are a deeply rooted tradition in Yucatecan culture, passed down from generation to generation – enjoying long sunny days, refreshing sea breezes, and the peace that only the ocean can offer.

This development provides the perfect home for those moments, with spaces that allow owners to enjoy tranquility and comfort in a private setting, while making the most of all the activities the sea has to offer.
